# Uniquation Law Extension 8: "Redeployed Method Of Thinking, Azazel Effect Free Thinking."

- 2, Similar Photonic Thinking. (Cause Vibrations)\*\*.

Instead of thinking based on only the method Similar Photonic Thinking we must go over in: "Semi thinking," (Semi Quantum Mechanic Thinking and Semi Similar Photonic Thinking.) Words like: "I, he, she, it, we &they" or equal words that represents one or more people only may been generated based on the method:

"Quantum Mechanic Thinking." what will generates no Harmonic Tooth's inside a Receiving Thinker. Use only Quantum Mechanic Thinking for this words who can lead to bad habits or any other Azazel Effect\* at the side of Receiving Thinker or Thinkers.\*\*\*
