

## Mission Acquisition Fungus Step 2: "Delete All Mushrooms From The International Food Market."

Cancer tumours are phenomenal to compare with truffles that revolved out of fungus traces.

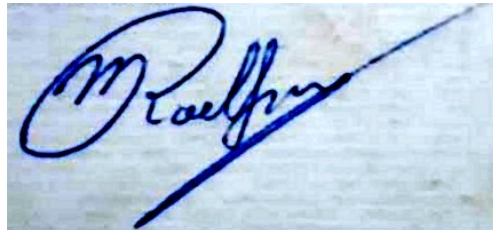

So we may not consume fungus and fungus traces.

Much food contains fungus traces this we got to annulated to do this in mission acquisition fungus.

## Mission Acquisition Fungus Step 2:

All Mushroom contain seeds what is to consider as Fungus Traces because of that the International Food market got to be free of all types of Mushrooms.

Yours,

[Marcel Alexander Roelfszema,](#)
