

#1 Course of psychotic illness:

The number 1 course of psychotic illness is: "That male's are mental with male and female's mental with female Because of that we all have the human right to enjoy marriage. To consider the true marriage inform of an offspring what may only be the revolving of a mental marriage of male and a female parent.

The D.S.M. 5 Construction talks about an ill way of thinking with treatment with anti psychotic medicines while the true course that of falling in this construction is an out of balance of there mentality compared with there ratio of chromosomes what need to be in equal balance.

While the patient group who are misused is bigger than 1.000.000.000 humans I stay in status of doctrine,
