

Redeployment: "In Calculation Inflation."

All highest court banks must calculate in:

"Multiply unique Percentage Inflation belonging to a unique Percentage inhabit Percentage minimum wage."

A table must be presented with holds the unique Percentages Inflations for the lowest percentage minimum wage up to and inclusive Maximum wage of a country.

So that the clause Inflation comes 100 % to its written statute low & to make shorter the in all world countries to wide open standing different between poor and rich among the indigenous population.
