

Dear Peace Negotiator Recep Tayyip Erdoğan,

My name is Marcel Alexander Roelfszema, Citizen Ready Lieutenant Dutch Defence,
I noticed & in name God Johannes i need to handle the violations of: “Genocide Laws so as written in the Hoff,”
may be a sovereignty referendum is needed to know who are from the party:
“Allah All 1 Alpha, so no one may take one.”

this as advise for one fundamental protocol whites beats all.

i want to inform you about my visions as follows:

Presidium advice & command to do: “Sanction Shift” revolved in the fact:

“That the Russian population had no possibility to collect food and aid supplies and Russian citizens joined the armed forces of Russia.”

This act to consider as a second degrees violation of the forbid sanction food.

While i did study world wars so normal were i understood the war fact theory:

“That before every big war a big army and before every big army, hunger need (Famine),”

Presidium tactic: “sanction Shift” what coursed famine violates this theory of world wars.

And Presidium advised & commanded:

“To do weapons deal with Oekraïne,”

while it is forbidden to do and weapons deals with by the United Nations labelled as a non sovereign state &

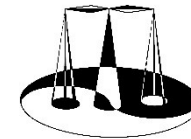

all weapon deal with is an action which leads into more death, mental or physical Victims.

Above standing facts what is to consider as actions that made counter parties bigger.

Please Peace Negotiator Recep Tayyip Erdoğan, follow protocols and when I stay in status world doctrine,
