Commando: Deactivate All Windmills Planet Earth.

I Civilian Ready Lieutenant Sir Marcel Alexander Roelfszema, Honour Leader Prince All Alpha's All Constructions, Pharaoh Ocean M.A.R.

Give by this writing the Commando: "Deactivate All Windmills Planet Earth," because the following 2 reasons:

1. Existing of windmills on planet Earth revolved into an acceleration of the death of the Third Ocean stream, this considered based on the latest N.A.S.A. Data. &
2. Existing of windmills with there negative vibrations released into the Oceans, has fore come that the White Whale's there D.N.A. Repairing vibrations spread over the entire One Ocean what coursed the Status of White Whale's Brains in suicide status after there mission was Failed & because of that all most daily we lose an White Whale by plaguing suicide to swim whit there Whale Body into a Boat Propeller, The Coordinates of something like 107 White Whale left and they are all grouped in the busiest ocean shipping route in the world instead of having a position where their signals penetrate all marine life.

High I stay in status of World Ocean Doctrine sincerely,

Civilian Ready Lieutenant Sir [Marcel Alexander Roelfszema](https://www.uniquation.world), Honour Leader Prince All Alpha's All Constructions, Pharaoh Ocean M.A.R. [uniquation.world](https://www.uniquation.world)
