

## Unique Portion Unique Medicine per Unique Proportion Client:

Because all are Possible Client of a Unique Medicine, all Clients are Unique in there being, all Clients have a Unique Proportion & all Unique Proportions have there bi belonging Unique Portion per Unique Medicine.

All Pharmaceutical Industries who deliver Medicine in form:

1 hard tablet with 1 equal type of portion amount with there notification of there Oak what is balanced into a 100% Portion while all Clients have there Unique Proportion.

Must go over to become Pharmaceutical Industries who only delivers medicines:

"In form of Powder." Or bi better uses of Bi-Directional Telemetric Connection reach delivery of the medicines: "In form of a Unique Cure," by under questions of there client so much as the Pharmaceutical Industry needs to collect the necessarily information to accomplish mission:

"Deliver medicine in form of a Unique Cure Bi belonging to a Unique Client."

So that the Unique Clients D.N.A. is Rewired whiteout the bi come of a D.N.A. Stripe.

Medicine in form of Powder needs at minimal 4 Tables to in calculate the right portion medicine,

1<sup>st</sup> Table Length versus Weight;

2<sup>nd</sup> Table Fat-B.M.I. versus Muscle B.M.I.;

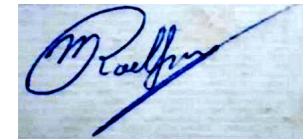

3<sup>th</sup> Table 1<sup>st</sup> Table Outcomes versus 2<sup>nd</sup> Table Outcomes;

4<sup>th</sup> Table 3<sup>th</sup> Table Outcomes versus Age.

For preparing a Unique Cure out of a medicine in form of powder an Apothecary needs to solve Unique Cure.
